

Fellow Ministers,

As a Pastor since 1985 I quickly learned that I don't have all the gifts and talents to adequately meet the needs of all the different people I have a passion to serve. If I'm going to succeed I must partner with other ministries. This is why Joy of the Lord Ministries is so vital to our services at Abundant Life.

I met Don Zonic almost twenty years ago and I am so thankful to God. His unique story allows him to touch people that I could never reach. The presence of JOTL on our campus for over seventeen years now has been such a blessing. We often have people in all kinds of addictive behaviors. I can pray for them and offer some counsel but I don't have the knowledge, experience or understanding to take them much further. I remember feeling so broken inside knowing a person did not really get all they needed simply because we weren't equipped to help them. JOTL has solved that problem for me.

I regularly refer people to JOTL and have had wonderful results. Joy of the Lord has amplified what we can do for the addicted and broken coming to my church. I know we have a proven program filled with compassionate and knowledgeable people. If you have any questions about the benefits that a Christ-centered recovery meeting (or the Clean and Sober in Christ Recovery Network) can bring to your congregation please contact me.

The Hope

Traitors, prostitutes, cheating tax collectors, murderers, adulterers, prisoners and hypocrites are all found in a wonderful book, The Bible, where Jesus made a way for all of us to be set free. Praise Him!

Fast forward to 2016 and these prevailing issues have millions still trapped in bondage. In 1935 God used two hopeless alcoholics in Akron, Ohio (reference 1Cor. 26-31) to birth what has grown into the 12-Step recovery movement. Something powerful is happening inside our society and for the most part anonymously.

Our online meeting directory aggregates all Christ-centered recovery meetings throughout the SF Bay Area. We are also a networking tool for group leaders and an invaluable pastoral and professional aid.

Come see what God is up to in the Christ-centered recovery arena today!
